Broncco's Bold New Breed of Quality-built Mini-Cycles

The Broncco Mini-Cycle goes where you do. Travels in your car trunk, pick-up camper, boat — even your airplane. Unfold the handlebars, kick the starter, and you're off. Dual purpose T/S-4 model comes street legal. T/C-4 "Cross" model can be adapted to street use. **Broncco:** the bold, new breed of minicycle with all the features of a full-size motorcycle, plus an extra dimension of versatility.

SPECIFICATIONS AND DATA:

Dual Purpose Broncco T/S-4 New, gutsier 2-cycle, 5 HP, 7,000 RPM Italian-crafted Garelli engine with chrome liners, super-cool head, new pistons with Dykes rings and bigger carb • 4-speed, foot-operated constant mesh transmission • Tough, double tube cradle frame. Telescopic front fork, swing axle telescopic rear suspension • Twin-shoe internal expanding brakes with alloy drums front and rear • Withdrawable axles • 3.00 x 10 Pirelli tires • Hi-rise muffler with heat shield • Legal lighting • Electric horn • Quick-fold chromed handlebars • 1.2 gallon tank with reserve • Kick stand • Speedometer • Double seat • Tool Kit • Skid plate with 6.5" clearance • 120 lbs. dry • Choice of Candy Apple Green or Candy Apple Burgundy colors.
T/C-4 "Cross" Same great features as the T/S-4, except it's set up for trail use • 3.00 x 10 Pirelli "knobby" tires for greater traction • Hi-rise polished stainless steel fenders • Single seat • Chrome Yellow color • Lights, speedometer and horn optional for street use.

Broncco's Bold New Breed of Easy-to-tote Mini-Bikes

Five models from the super-hot, maxi-power T/X-1D Deluxe with 3.8 HP 4-cycle engine to the T/X-3K in kit form. Whichever model you choose, you get superb Italian styling, craftsmanship and handling with low initial cost and operating expense.

SPECIFICATIONS AND DATA:

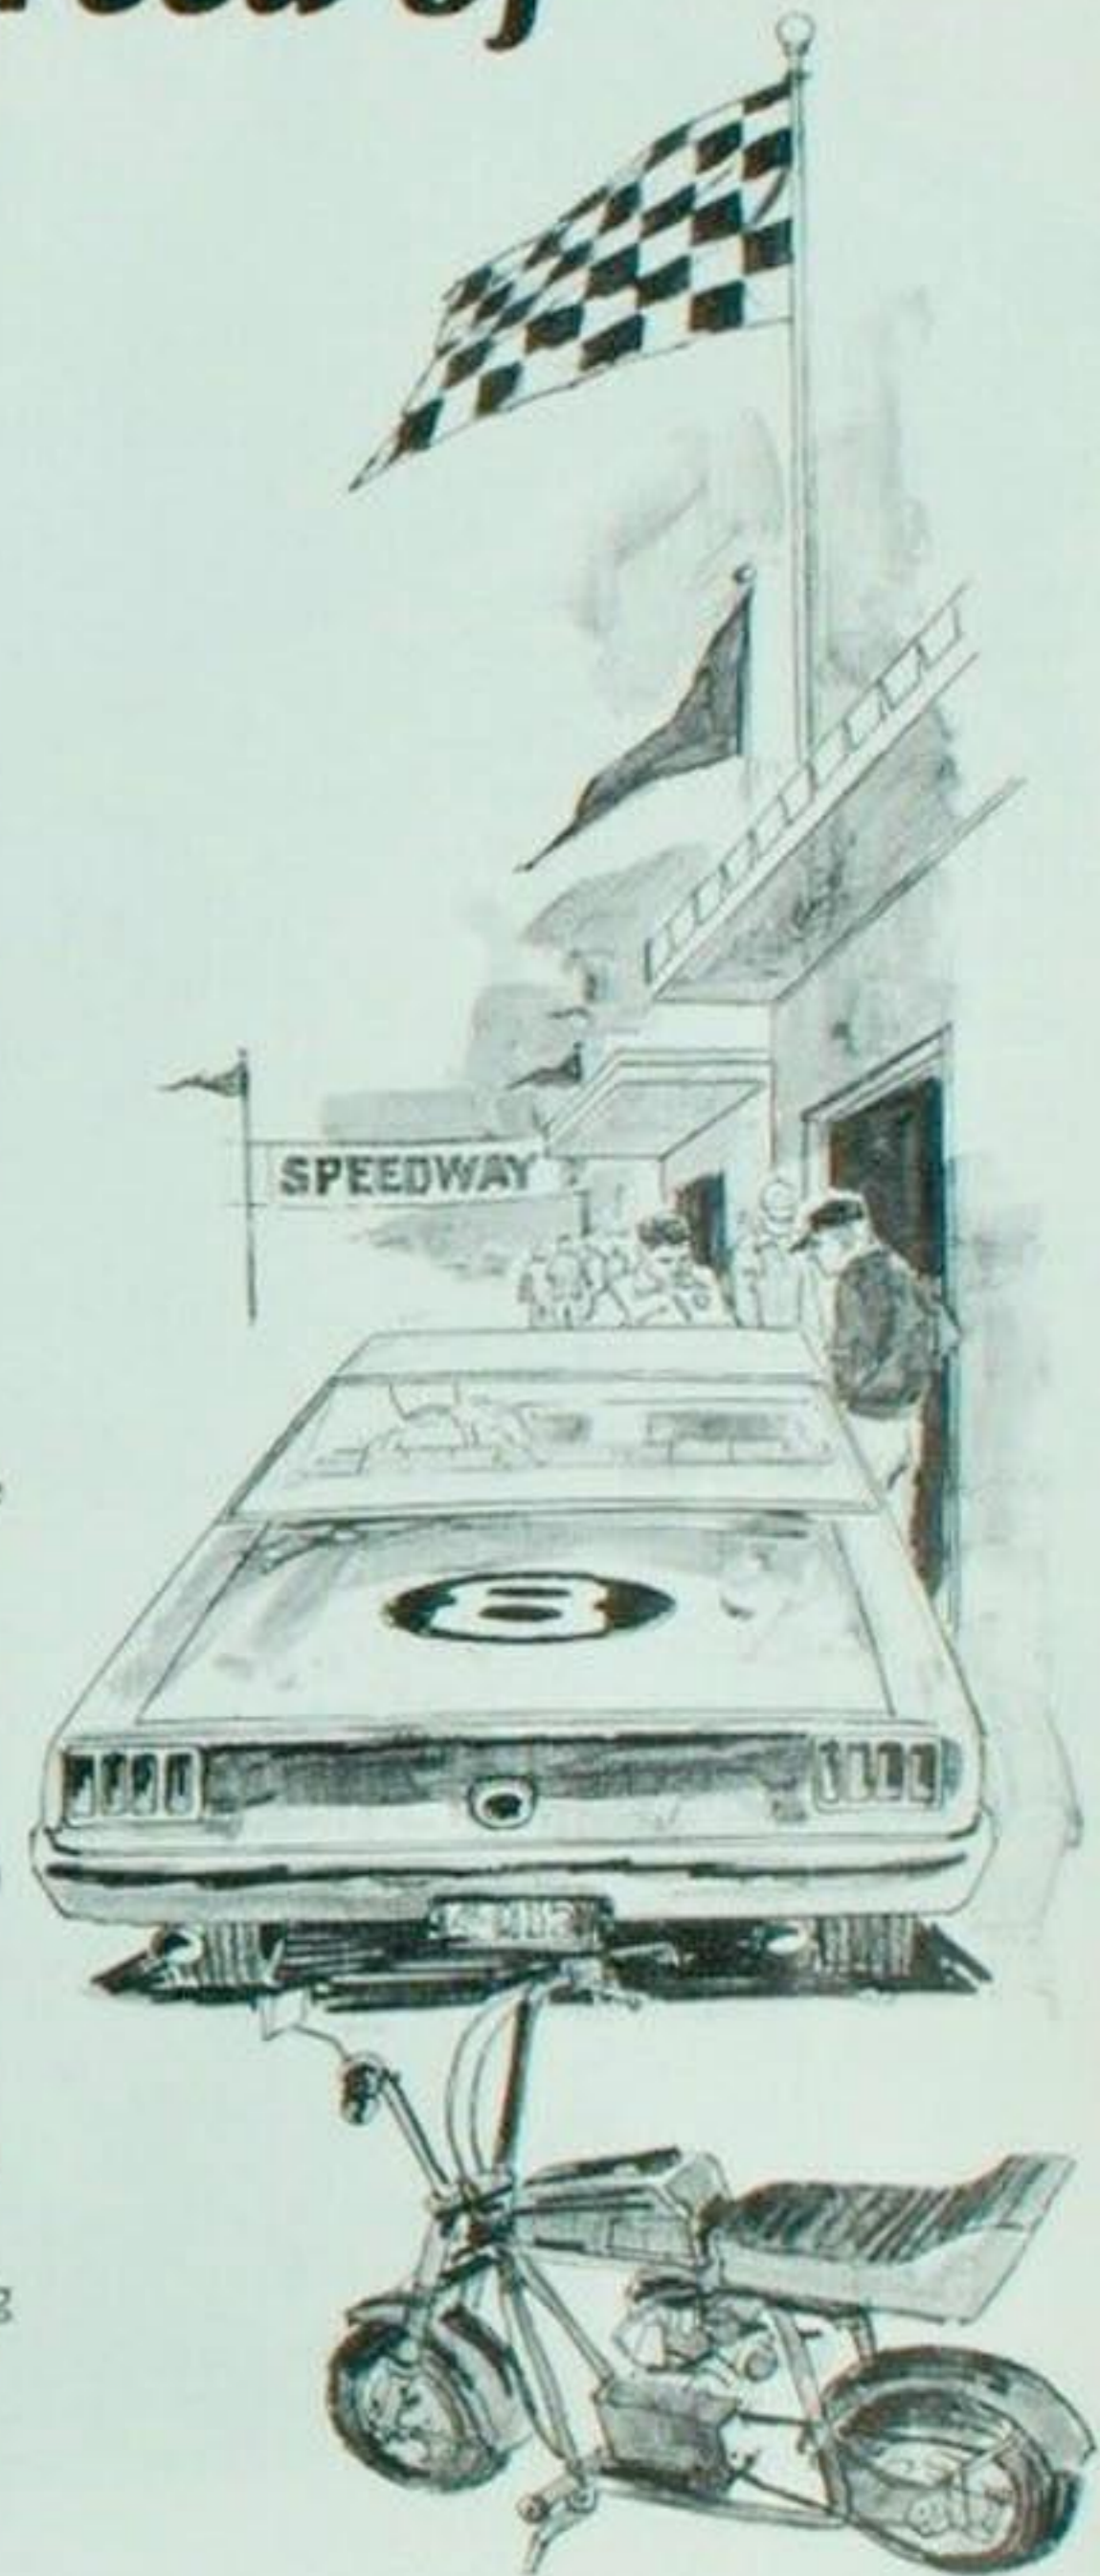

T/X-1D 4-cycle, 3.8 HP, 3,600 RPM Aspera-Tecumseh engine • Recoil starter • Centrifugal clutch through jackshaft • Double tube cradle frame • Heavy duty telescopic front fork with external coil springs, swing axle telescopic rear suspension • Disc brakes front and rear • Oversize 1.5 gallon motorcycle-style tank • Pirelli 3.50 x 7 tires • 7" alloy/steel wheels • Quick-fold chromed handlebars • Polished stainless steel fenders • Steering damper with removable kingpin • Oversize "Metal Flake" seat • Chain tensioners • Built-in steering locks • Tool kit • Mirror • 95 lbs. dry • Candy Apple Green

T/X-1S Standard Same as T/X-1 Deluxe, except centrifugal clutch direct, disc brakes rear only, telescopic front fork with rear swing axle telescopic suspension, painted fenders • 90 lbs. dry • Candy Apple Green

T/X-2 Same as T/X-1 Standard, but with 2.8 HP engine and telescopic front fork • 85 lbs. dry • Candy Apple Tangerine

T/X-3 Same as T/X-2, except direct acting brakes rear only, low pressure tires suspension, painted handlebars, 1 quart tank • 75 lbs. dry • Candy Apple Blue

T/X-3K Model T/X-3 in kit form. Easily assembled with hand tools.

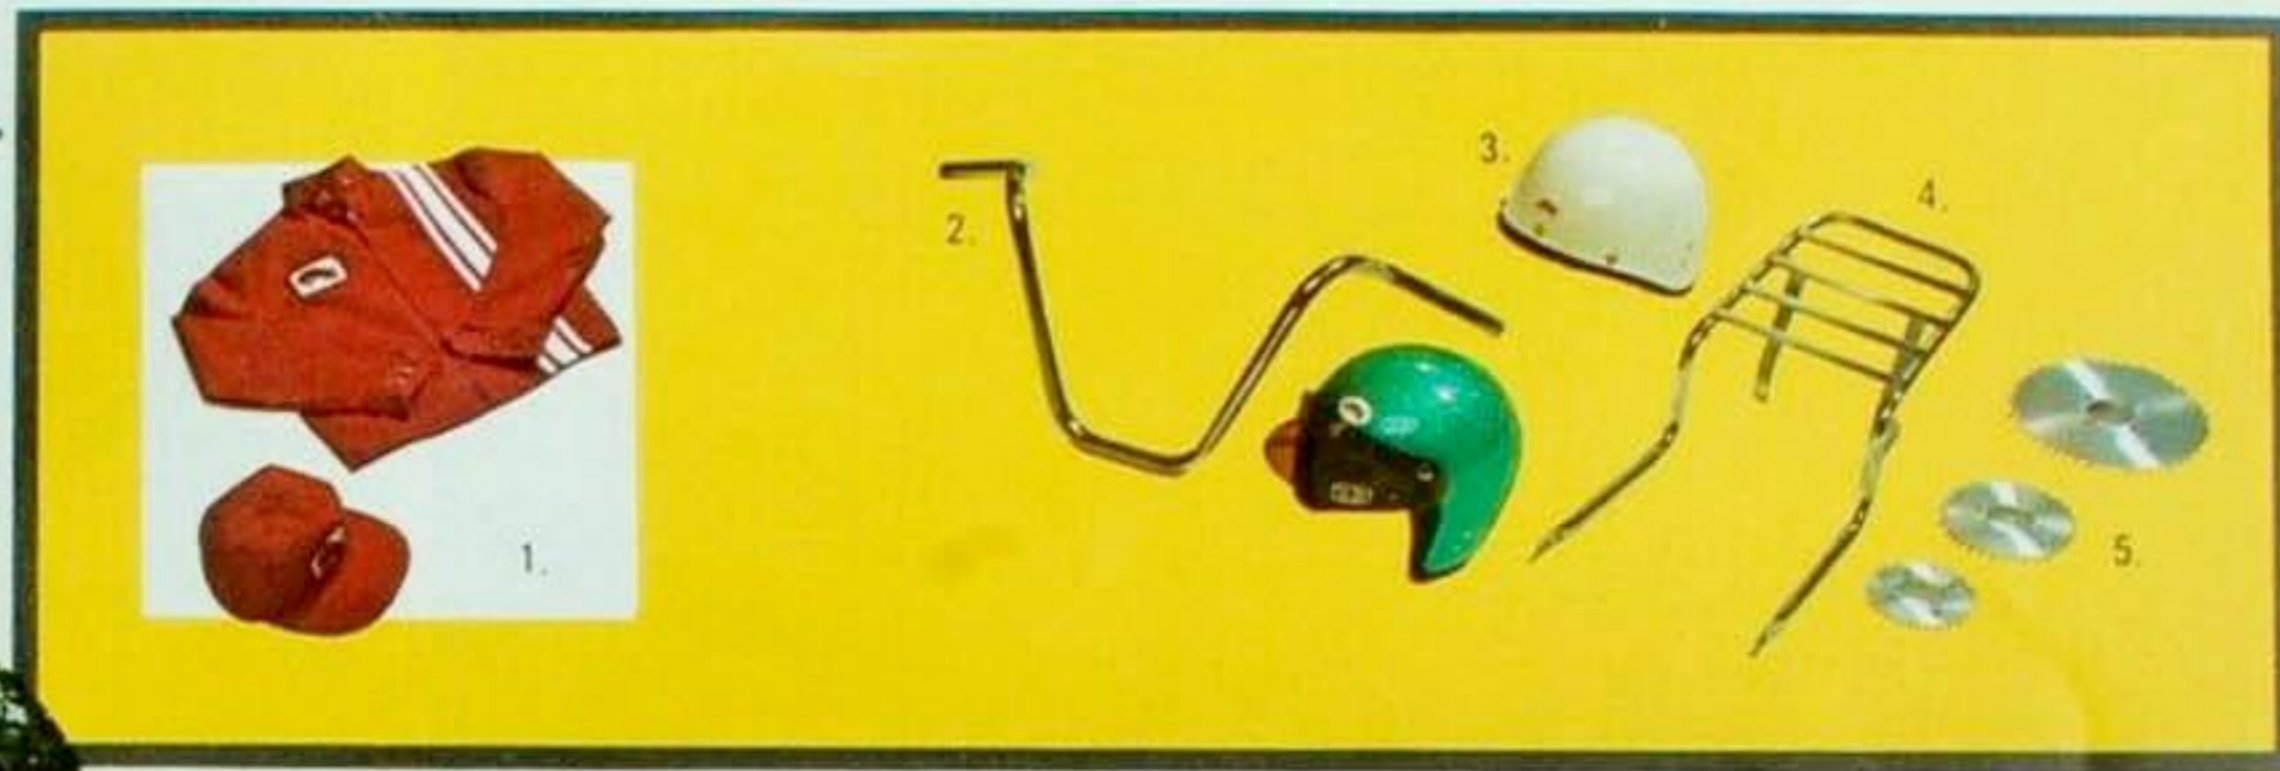

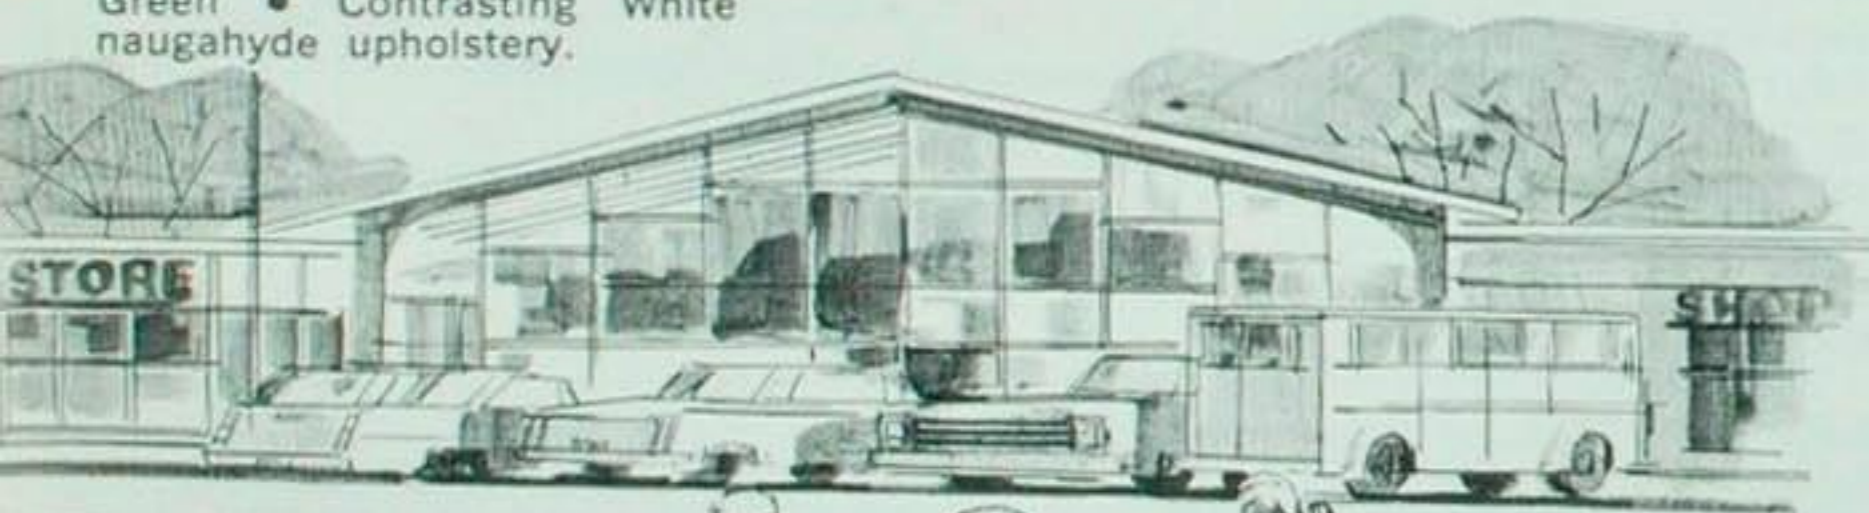

Broncco's Bold New Breed of Fun Kart Italian Style
