Here comes the Fox

Trail Tramp

... the newest, finest and most exciting mini-bike to ever blaze a trail. It's ready to take you where the fun is! Pack your gear on the strong, smart chrome luggage rack and head for the woods — hunting or fishing. A perfect companion for camping — for quick trips to town to get groceries and supplies. Great for exploring at the marinas. Fits easily in your trunk, camper, boat or plane.

The Trail Tramp is first with expensive chrome spoke wheels, chrome fenders and chrome gas tank. The upswept exhaust stack with heat shield is fully chromed and adds a touch of beauty.

Illustrated at Right

Trail FX

... A great new GO idea from Fox. It's built to take you even where the big boys won't go. Takes the hills like a road runner. If you like to fish, hunt or go camping or just trail blazing for fun, you'll love the Trail FX. It's not afraid of the dark either with its big bold high-low beam alternator lighting with stop taillight. Has all the features of the Trail Tramp as described above except features positive 1 speed automatic transmission and safety rear disc brake only. It's easy to ride — just squeeze the throttle control on handlebars and blast off. Decked in baked on Fox red enamel. Licensable for street use. See next page for specifications.

Model No. 1439 Trail FX with 1 speed automatic transmission and rear disc brake.

Grab these features: 2 speed transmission shifts automatically and precisely at the right time, high-low beam alternator lighting with stop taillight makes the Trail Tramp licensable for street use, side reflectors have been added as an extra safety feature for night riding, perfectly balanced wheels and knobby tires with wrap-around tread for sure-traction and excellent stability, dependable 4 cycle tilt power plant† provides extra power when you need it, no fade dual disc brakes stop you surely and safely, plush foam seat and heavy duty shock absorbers front and rear for finest ride.

Model No. 1449 Trail Tramp with 2 speed automatic transmission and dual disc brakes.

Here's the
Street Scamp

... the sweetheart of all in the finest and newest of the new in Fox Campus mini-bikes. It's ready to take you where the action is! Hop on, blast off to the beach or park. Ride the Street Scamp to school or to the store. Swimmers, swingers and shoppers will have more fun than ever before. A great road bike ... it's fully licensable. Fits easily in trunk, camper, boat or plane.

You'll ride in high style on a mini-bike with expensive looking chrome spoke wheels, fenders, and gas tank. The upswept exhaust stack with heat shield is fully chromed and adds a lot of beauty.

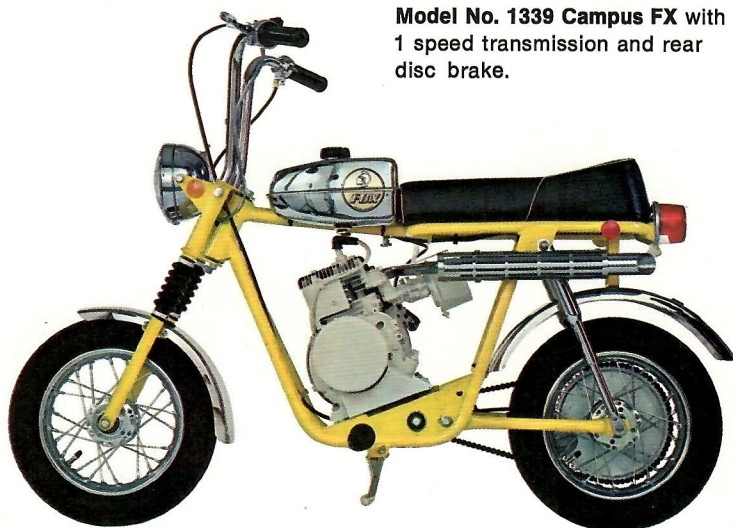

Illustrated at Right

Campus FX

... is game for everything that spells FUN. It rides like a road racer and makes fun happen. You'll admire its fresh new styling ... and we've colored this one a smart hi-fi yellow, as fresh as a daisy. Blast off to the campus, park or beach or take it shopping. Take a night ride — just flick on the hi-low beam alternator lighting with stop taillight. Has all the features of the Street Scamp as described above except features positive 1 speed automatic transmission and safety rear disc brake only. Licensable for street use. See next page for specifications.

Model No. 1339 Campus FX with 1 speed transmission and rear disc brake.

Grab these goodies: 2 speed transmission shifts automatically and precisely at the right time, high-low beam alternator lighting with stop taillight makes the Street Scamp licensable for street use, side reflectors have been added as an extra safety feature, perfectly balanced wheels and universal tires with wrap-around tread for sure-traction and excellent stability, dependable 4 cycle tilt power plant† provides extra power when you need it, no fade dual disc brakes stop you surely and safely, plush foam seat and heavy duty shock absorbers front and rear for finest ride . . . and the features go on and on!

Model No. 1349 Street Scamp with 2 speed automatic transmission and dual disc brakes.

Spoiler

...here's the "hot dogger" by Fox. It's loaded with performance and styling features — but strictly an off-the-street model. You'll have more fun than a "barrel of monkeys" with this scrambler type mini-bike. Head for the open field or track! It's not the type to be timid... will beat all others "hands down". The Spoiler will go up, over or around anything.

The front fender was "left off" to give that smart racy appearance. A real classy sportster decked in baked on Fox hi-fi black enamel. Dig the expensive looking chrome spoke wheels, chrome gas tank, chrome fender, and the upswept chrome exhaust stack with heat shield. Complete with 3-sharp racing number plates. Ours we call "lucky 7" but you put on your own lucky numbers. You don't pay anything extra for the smart chrome rear riser bar.

Illustrated at Right

Condor

The Condor by Fox... a super duper trail mini-bike that's surefooted enough to flatten every hill and trail. This baby is built to take it! Great for fishing, hunting, camping and just plain trail blazing. The lights have been left off so it's strictly for "off the street" use. This one's colored an attractive Fox hi-fi orange. Grab those expensive looking chrome fenders, the chrome gas tank and the upswept chrome exhaust stack with heat shield. Has all of the "Go wild with these goodies" features as described above for the Spoiler.

Model No. 1429 Condor with 1 speed transmission and rear disc brake.

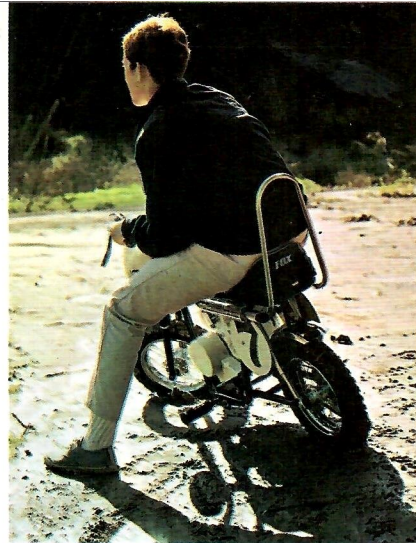

Go wild with these goodies: 1 speed transmission shifts automatically, perfectly balanced wheels and knobby tires with wrap-around tread for sure-traction and excellent stability, tilt power plant† provides extra power when you need it, no fade disc brake stops you surely and safely, plush foam seat and heavy duty shock absorbers front and rear for finest ride, powered by dependable 4-cycle engine...and the features go on and on!
