model 400

The Wildcat "Model 400" . . . built with family fun in mind. Its husky, yet simple features ensure hours of care-free riding. The "400" is powered by a 4 H.P. engine and is equipped with a seat built to carry two passengers.

Compare these features:

- 4 H.P. Engine
- Mini-Verter Drive
- Baked Enamel Finish
- 24" Seat
- Plus All Standard Features

MINI-VERTER

Compare these features:

- Smooth, Infinite Shifting Action
- Torque Sensitive — Engine Operates at Peak Power
- Greater Vehicle Control and Performance
- More Effective Braking Action
- Longer Engine Life
- Downshifts Automatically as Required
- Reduced Maintenance

Wildcat

THE
FOUR SEASON
FUN BIKE

proven

During the 1970 mini-bike racing season, Wildcat captured two World Championship Titles — at Eagle Park, Michigan, Winner of the 12 to 15 class, and 16 and over class. Wildcat has proven that it is built to take anything you can dish out!

durable

Engineering 'know-how' and high quality standards are just two reasons the Wildcat can take punishment like no other bike in its class.

Wildcat is ruggedly built, yet maintains a simplicity in design without sacrificing safety or comfort.

dependable

When you want to be sure to get where you're going, be sure you're on a Wildcat. You will find that you'll lead the pack, on or off the track, with an exciting Wildcat!

model 500

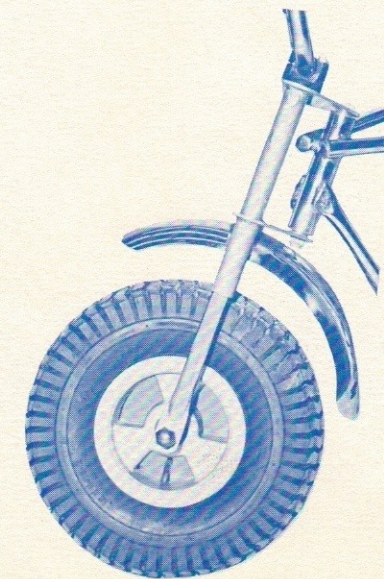

The Wildcat "Model 500" is a proven champion on the race track. Its superb engineering, combining durability and simplicity, is the reason Wildcat is a leader in the trail bike field.

Compare these features:

- 5 H.P. Engine with Alternator
- Mini-Verter Drive
- Baked, High-Luster Enamel Finish
- Chrome Fenders and Guard
- 18" Seat
- Remote Fuel Tank
- Plus All Standard Features

The Wildcat "Model 500" is also a street licensable vehicle.

FRONT SUSPENSION SYSTEM

The husky, yet responsive front end suspension system on the "Model 500" assures driver comfort plus positive action.
