One ride on a new Huffy Hustler will show you why these are the "right on" machines. We built in the specs we knew you wanted, and needed . . . hefty engines . . . torque converters front and rear spring suspension, mag type wheels and big knobby tires.

#### TORQUE CONVERTER

For better hill climbing . . . smoother take off . . . less maintenance and greater all over performance, Huffy couples the right engine with the right torque converter for smooth transfer of power . . . at the right time.
