

'71' INDIAN

First... again!

'81 INDIAN HELLCAT

THE CLASS LEADER . . . ALL NEW
STYLE FOR ALL NEW ACTION.

The look of things to come; 10" wire wheels, #41 chain, folding foot pegs, frame mounted gas tank, headlight, tail-light and stop light. New deep throated exhaust is safely tucked under the frame. Full range torque converter automatically gives you the ratio you need when you need it. 'Go' is handled by a powerful 172 cc Tecumseh engine, canted at 20°. 'Stop' is supplied by front and rear internal expanding brakes. The ignition kill switch is conveniently located on the handlebars. 'Yellow Streak' paint is standard. Frame mounted torque converter guard reduces vibration damage. Hellcat—the action outlet.

'81 INDIAN BEARCAT

MAKE YOUR OWN WAY;
WITH A FLAIR!

Blood relative of the Hellcat, with all the gingerbread, less lights. Trail busting 10" wire wheels powered by a 172 cc Tecumseh engine thru a full range torque converter. Front and rear internal expanding brakes, handlebar mounted kill switch are standard. #41 chain, folding foot pegs, frame mounted torque converter guard, chrome front fork, motorcycle seat, 'Blue Blazes' paint on all Bearcat models. Full suspension gets you into the back country, chrome fenders and front fork does it with style!

LIL INDIAN SABRE

THE BIG ONE FOR KICKS.

Chrome accessories and spot disc brake highlight this mover.

Deep saddle seat and full suspension take out the lumps while 172 cc Tecumseh engine with single speed clutch eats up the trail. Six inch 'Mag' type wheels and 14" knobby tires are built to take it. Kill switch on the handlebar turns it off when you want to. Chrome folding handlebars make a package that can store in any trunk.

LIL INDIAN SPITFIRE

FULL SIZED ACTION
AT A BUYER'S PRICE.

Built to take the trail with telescopic front suspension and 172 cc Tecumseh engine plus folding foot pegs. Complete with chrome folding handlebars, chrome fenders and chain guard, 6" mag-type wheels and 12" knobby tires. Spot-disc brake. Ignition kill switch is conveniently located on the handlebars.

LIL' INDIAN.
SKYHAWK

**THE TOP VALUE
 AMONG THE LIGHTWEIGHTS.**

Blessed with a combination of 6" mag-type wheels and the famous compact 'Lil' Indian frame. Result . . . ample ground clearance and suitcase size. Potent 127 cc Tecumseh engine and single-speed centrifugal clutch. Full chain guard and fenders. Proven spot-disc brake. Steering is sure with rigid front fork.

LIL' INDIAN
THUNDERBOLT

Mini-sophisticate . . . fully automatic two-speed transmission knows when to upshift and downshift for you. Stays in low on hills, shifts to high when power is no longer needed. 127 cc Tecumseh engine, chrome fenders, chrome chain guard, 4" mag-type wheels. Thunderbolt offers the feel and power of the big bikes, but is small enough for anyone to handle.

LIL' INDIAN
COBRA

**'LIL' INDIAN QUALITY
 AT MISERLY PRICES.**

Double-loop 12 gauge tube frame. All components are wire-welded in precision jigs to assure consistent quality. Mag-type 4" wheels with 10" tires. Peppy 127 cc Tecumseh engine, full chain guard, front coil spring shock absorber. Kill switch on handlebars for safety, spot disc rear brake.

LIL INDIAN

FUN KART

THE SHORTEST ROUTE TO
BACKYARD THRILLS.

The perfect marriage of safety and performance, each 'Lil' Indian Fun Kart features dual rear brakes for instant stopping power. A full front bumper protects the true Ackerman steering. Full padded seat and side panels offer complete driver comfort. Mag-type wheels and 10" automotive tread tires mean traction plus appearance. Driver training has never been more fun!

LIL INDIAN ...THE COMPLETE KIT

If 'do-it-yourself' is your bag, and economy is your excuse, the 'Lil' Indian kit is the answer. Each kit comes complete, right down to the last nut and bolt. Michrina Enterprises is the only mini-bike to offer kits in many models, not just the least expensive. Easy to read instructions make assembly a snap, right from the paint (included) to final adjustments. All 'Lil' Indian products carry a warranty against defects in workmanship and materials.

THE INDIAN

BACK-TRACKER

THE NEWEST KIND OF FUN.

All-terrain capability for kicks, brute power for work. Pushed around by a 5 H.P. or 7 H.P.

Tecumseh engine and torque converter transmission, this vehicle turns hills into highways. Huge flotation tires give superb traction on any terrain you choose; sand, mud, even ice. These same donuts iron out all the lumps.

Complete with 'buddy pegs', the Back-Tracker is great with two-up.

If you want to go it alone, your large comfortable seat leaves plenty of room for your pack. Ignition kill switch is conveniently located on the handlebars.

LIL INDIAN
