*the toughest
cats in town...*

More great recreational vehicles from
B. F. MEYERS & CO.
manufacturers of the famous Meyers Manx sports buggies
and Meyers Tow'd off-roadster kits.

Sold by Authorized Dealer

These cats are too tough to be called mere "mini-bikes!" Their big, heavy duty frames and full suspensions allow them to be ridden off the beaten path and away from the pavement. Their husky 2- and 5-horsepower engines are fuss-free four-cycle units. Their automatic clutch, chain and jackshaft drives need no attention over their long, long lifespan. Their twist throttles and hand brakes give maximum control for the rough rider. Their big Naugahyde covered saddles are comfortable as well as durable. There's only one thing to do with a MEYERS LYNX . . . Leap on and ride out!

MEYERS LYNX 65

Top cat of the Lynx line, this bike is really a mini-trail-bike! Feature by feature it is the ruggedest, toughest bike on the market. Neatly made and attractively finished in metallic gray paint, the Lynx 65 is the Cadillac of mini-bikes. Lynx 65 features: Heavy duty, all-welded steel tubing frame + coil spring/swing arm rear suspension + coil spring front forks + 5-HP Briggs & Stratton engine + pre-stretched chain and jackshaft drive + wide-rim 6-inch alloy wheels + knobby tread tires with heavy duty innertubes + quiet muffler + internal expanding rear brake.

Meyers Lynx 65 \$221.50

MEYERS LYNX 63

The Lynx 63 model utilizes the same heavy duty frame and suspension as the Lynx 65 but mounts a 3-horsepower engine instead of a 5-HP. The big tires and wheels make it a good off-road bike, too, and the rugged chassis withstands hard use. Lynx 63 features: Double loop, welded tubing frame + coil spring/swing arm rear suspension + coil spring front forks + 3-HP Briggs & Stratton engine + automatic clutch + chain and jackshaft drive + wide-rim 6-inch alloy wheels + knobby tires with heavy duty innertubes + quiet muffler + internal expanding rear brake.

Meyers Lynx 63 \$206.50

MEYERS LYNX 53

A roaring good bike for the money, the Meyers Lynx 53 boasts a 3-HP engine, full front and rear suspension, 5-inch wheels and knobby tires and most of the other good features of the Lynx 63 and 65. Features of the Lynx 53: Double loop, all-welded frame + coil spring/swing arm rear suspension + coil spring front forks + 3-HP Briggs & Stratton engine + automatic clutch + wide-rim 5-inch alloy wheels + knobby tread tires + internal expanding rear brake + quiet muffler.

Meyers Lynx 53 \$189.50

MEYERS LYNX CUB

All the reliability and toughness of the bigger Lynxes at the lowest possible cost! The Club retains the 3-HP engine and the 5-inch wheels of the more expensive models, but has a simpler frame and suspension arrangement. The cradle type frame is welded from 1-inch diameter steel tubing, and the front forks have coil spring suspension. Drive is direct, through an automatic clutch. Lynx Cub features: Heavy wall cradle frame + coil spring front forks + 3-HP Briggs & Stratton engine + automatic clutch + direct chain drive + 5-inch wheels with knobby tires + foot-operated friction brake.

Meyers Lynx Cub \$149.50

Guarantee of the frames and forks as to defective materials or workmanship is made to the original purchaser, including premature failure under normal solo operation. Liability is limited to replacement of defective parts only; connected labor and shipping charges are not covered. Engine warranty is made only by its manufacturer.
