MAIL ORDERS TO: RUTTMAN COMPANY
24732 Ford Road
Dearborn Hts., Michigan 48127

PHONE: (area code 313) 278-5093

BUSINESS HOURS: 9 A.M. to 6 P.M. Monday thru Saturday. Closed Sunday & Holidays.

WHEN ORDERING: Please print your name, address, city, state and zip code. Be sure to print legibly or type - so we won't send your stuff to someone else.

TERMS AND POLICY

PAYMENT: 50% deposit or send full amount and save C.O.D. charges. Minimum order \$1.00. Orders under \$5.00 must be paid in advance, plus 50¢ for postage and handling. Send money order or cashier check only - we can not accept personal checks. Sorry, we can not extend credit or open accounts.

SPECIAL HANDLING: (Ships with first class mail) add 50¢ per package.

SALES TAX: Add 4% sales tax to total price of all orders to be received in Michigan.

WE PAY FREIGHT: Paid in advance orders OVER \$5.00 are shipped pre-paid except below.

YOU PAY FREIGHT: Orders under \$5.00 - Air or other special handling - C.O.D. shipments. Axles, oils, frames and any special offer or dealer sale.

FOREIGN COUNTRIES: Irrevocable payment in advance, including estimated freight charges.

DEALER TERMS: C.O.D. net. All orders will be shipped C.O.D. unless payment is received with order or prior arrangements have been made for an open account.

DAMAGED GOODS: Title to merchandise passes to customer on delivery to carrier. Claims due to damage or pilferage must be reported immediately to delivering carrier for settlement. We package merchandise so that it should arrive in good condition, however, the way it is handled in transit is beyond our control.

RETURNS: Write for instructions FIRST, before returning any merchandise. Advise reason for wanting to return and give billing (invoice) number and date of purchase. Any defect in material or workmanship will be replaced to your complete satisfaction, provided you WRITE FIRST. Where the fault is not ours, we reserve the right to deduct a 10% charge for our cost of handling. No cash refund on returned goods. We are not responsible for unauthorized returns.

TECUMSEH
LAUSON - POWER PRODUCTS
ENGINES

ENGINE ASSEMBLIES

THESE REPLACEMENT ASSEMBLIES ARE THE SAME ENGINES THAT ARE USED AS ORIGINAL EQUIPMENT ON MOST OF THE POPULAR MINI-BIKES AND CAN ALSO REPLACE SOME OF THE OTHER BRAND ENGINE ASSEMBLIES.

SPECIFICATIONS

COOLING: Multi-bladed fan on flywheel pulls cool air through rotating screen forcing it over cooling fins on cylinder and head.

CRANKSHAFT: Arma steel, with integral counterweights.

MAIN BEARINGS: Aluminum alloy.

PISTON PIN: High finish hardened steel.

ROTATION: Counterclockwise (viewed from power take-off side).

CYLINDER AND CRANKCASE: Aluminum alloy die casting. Chromium plated aluminum alloy piston with one oil control and two compression rings.

CYLINDER HEAD: Aluminum alloy extra deep cooling fins.

CONNECTING ROD: I-beam design. Aluminum alloy with large bearing area.

VALVES: Heat treated alloy steel intake; austenitic steel exhaust.

VALVE SEATS: One piece iron alloy insert cast integrally into cylinder.

VALVE LIFTERS: Precision machined and heat treated.

VALVE GUIDES: Iron alloy inserts.

STARTER: Positive rewind, dust sealed self-lubricating.

Large easy grip, rubber handle.

NET WEIGHT: Approximately 23 pounds.

FUEL SYSTEM:

AIR CLEANER: Replaceable, extra fine filtration, non-bypassable pleated paper element. Dust and water shield air cleaner cover.

CARBURETOR: Float bowl, idle and high speed adjustment, manual choke, mini-bike cable throttle control, remote stop.

FUEL TANK: Durable rust proof 2 quart capacity with fuel strainer screen.

GOVERNOR: Most efficient mechanical type, in crankcase, for positive engine speed control. Heavy duty governor clamp.

COMPRESSION RELEASE: Relieves compression during starting cycle for easier engine cranking.

IGNITION: High tension magneto system. Dust and moisture proof with extra large surface ignition breaker points. Insulated protective rubber spark plug boot.

LUBRICATION: Splash system — crankcase oil capacity 21 ounces.

MUFFLER: Tubular directional muffler exhausts noise and heat away from driver on carburetor side.

PAINT: Attractive, long lasting baked enamel. Metal chemically cleaned and treated for permanent bonding. Color white.

DESIGNED FOR MINI-BIKE APPLICATIONS

All engines are warranted by the manufacturer

WARRANTY

The Lauson-Power Products Engine Divisions of Tecumseh Products Company (Manufacturer) will, at its option, replace or repair WITHOUT CHARGE to the original purchaser any part or parts manufactured by it and found upon examination by any Manufacturer's Authorized Service Outlet or at the Manufacturer's Factory at Grafton, Wisconsin, to be DEFECTIVE IN MATERIAL AND/OR WORKMANSHIP if received for such examination, (i) in the case of engines for use on chain saws within thirty (30) days, (ii) in the case of engines used on two wheeled riding type vehicles (such as mini-bikes, trail bikes and scooters) within ninety (90) days EXCEPT that engines used to power any vehicles used in competitive racing or on commercial and/or rental tracks are not warranted in any respect; (iii) in all other cases within ONE YEAR, from date of original purchase.

All transportation charges on, and damages and loss incurred in connection with the transportation of, parts submitted for replacement or repair under this Warranty shall be borne by the purchaser.

This warranty shall not apply to any engine or part which shall have been repaired or altered in any way by persons other than Manufacturer's Authorized Service Personnel, nor shall this warranty apply to any damage resulting from accident, alteration, misuse or abuse, nor shall this warranty apply to any damage resulting from failure to follow the Manufacturer's instructions for operation and maintenance of engines and parts.

"The foregoing warranty IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED, IMPLIED OR STATUTORY (INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PURPOSE) and of any other obligations and/or liabilities on the part of Manufacturer and Manufacturer neither assumes nor authorizes any other person, natural or corporate, to assume for it any other obligation or liability in connection with or with respect to any engine or parts. The Manufacturer shall in no event be liable for any consequential, incidental or special damages nor for the improper selection of an engine or part for a particular application."

MAX-TORQUE'S NEW 6 SHOE THE CLUTCH THAT MAKES ALL OTHERS OBSOLETE

This amazing break-through in power transmission technology makes the Max-Torque 6 shoe clutch the most efficient, longest lasting, coolest running, fool-proof clutch ever made. The unique air-gap construction isolates the bearing from heat producing areas so that the bearing runs cooler, runs longer.

Six contoured, sintered metal shoes transmit full power to the ground with limited slip. Test it yourself, torture it with full stall conditions, see it outperform every other clutch you have ever used.....and without the annoying DING - A - LING.

The most desired Mini-Bike accessory,

KIK-START

BY

hegar®products

Hegar's fabulous KIK-START, bolts on in minutes. Makes any mini look and start like a motorcycle. Heavy duty construction, chrome all steel splined shaft, folding kick peg make for an accessory that's as durable as it is functional. The all new and improved KIK-START will fit most Tecumseh engines. Mounting bolts and nuts included.

Complete unit - ready to install

Part no. RC306

KWIK-KICK

FROM

Colt Industries

Now it's easier to start your "Mini-Bike" with this all new, low profile Fairbanks Morse KWIK-KICK Starter. It's a compact and reliable starting unit engineered to meet the exacting demands of "Mini-Bike" buffs everywhere for better engine starting. Designed to fit "Mini-Bike" engines up to 6 H.P. with a bolt mounting circle of 5 9/16" diameter. Performance proved starting mechanism, hardened alloy gears plus a forged steel crank arm insures long, low cost service life.
