# PIXIE

This bike is the "lively one" from Thomas. The portable bike that still has plenty of power for anyone to enjoy.

Virtually maintenance-free, the PIXIE has all the safety features, plus rugged construction and quality that the big bikes have, such as the stylized 1-inch, 14 gauge tubular steel frame, chrome muffler, frame mounted gas tank, chrome full cover chain guard and mag wheels. Just like the big ones but priced for everyone!

## unexpensive

### dimensions

### warranty

Thomas Company, Inc. warrants that each new bike manufactured by the Thomas Company, Inc. shall be free of defects in material and workmanship under normal use and service. Our obligations under this warranty are limited to make good any part or parts thereof which show within ninety (90) days after delivery of such bike to be defective. This warranty shall not apply to any bike which shall have been repaired or altered outside of our service centers, nor which has been subjected to misuse, negligence or accident. The Thomas Company, Inc. reserves the right to inspect and make final decision on warranty that may be questionable. The Thomas Company, Inc. in no event shall be liable for any anticipated profits, consequential damages, loss of time, or other losses incurred by the buyer in connection with the purchase, assembly or use of the bike or components thereof. The warranty on the engine and transmission is covered by the respective suppliers.
